

First Ever Gentlemen's Lunch

For years now, there have been Ladies Lunches.

We guys are feeling left out!

Do we have to put up with this? I, for one, say NOT ANY LONGER!

I'm hosting a Gentlemen's Lunch at my shop at 11:30 AM on December 12, 2023. The menu will be a gentlemanly pizza, and BYO... um Beverage. There's no particular agenda; I'll give a shop tour for anyone interested or you can wander around on your own. 5000+ square feet of old wood- and metalworking machine tools to see, obsolete electronics and scientific instruments. Not to mention a couple of Triumphs.

After lunch and generally hanging out, if anyone's still thirsty we can retire to Apex Bar, 50 taps and just 4 blocks away.

Please RSVP to greg@depcco.com (wouldn't want to run out of pizza) by December 10. Plan to put \$10 in the kitty when you arrive to cover the cost of pizza.

The shop address is:

Dermer & Ernst Precision Machine Co.
2816 SE 14th Ave
Portland, OR 97202

Parking for a few in my parking lot plus street parking.
